

REACH DECLARATION

Dear Sirs,

The REACH Regulation (CE) n. 1907/2006, regarding the Registration, Evaluation and Authorization of chemicals is effective as 1st June 2008. With reference to the requirements of the REACH Regulation and based on the information in our possession, we declare that:

- Raffineria Metalli Riboldi S.r.l. according to REACH, is a downstream user.
- Our products do not contain any substances listed in the list of substances of very high concern (SVHC - Substance of Very High Concern) in concentrations higher than 0.1%. However, Lead [CAS 7439-92-1] (SVHC) and Cadmium [CAS 7440-43-9], substances included in the candidate list of substances subject to authorization (Ref. Decision ED / 61/2018) are present at a maximum concentration of 0.003%
- Our products do not contain substances listed in Annex XIV of the REACH Regulation.
- Our products do not contain substances subject to use restrictions (Annex XVII - Regulation (CE) 1907/06) with the following exception:
 - Zinc alloys for die-casting and ZnAlCuMg / ZnAlMg alloys containing Magnesium. Magnesium is subject to restriction (Restriction 40 - Annex XVII), as flammable substance [Flam. Sol. 1; H228, Water-react. 2; H261, Self-heat. 1; H251] and cannot be used in aerosols generators for entertainment and decorative purposes. However, the identified use of the our alloys does not fall within the scope of the Restriction.
 - Lead [CAS 7439-92-1] in a maximum concentration of 0.003%. Substance subject to use restriction [Restriction 63: Shall not be placed on the market or used in any individual part of jewelry articles if the concentration of lead (expressed as metal) in such a part is equal to or greater than 0,05 % by weight].
 - Nickel [CAS 7440-02-0] in a maximum concentration of 0.001%. Substance subject to use restriction [Restriction 27: Shall not be used: (a) in any post assemblies which are inserted into pierced ears and other pierced parts of the human body unless the rate of nickel release from such post assemblies is less than 0,2 µg/cm²/week (migration limit); (b) in articles intended to come into direct and prolonged contact with the skin
 - Cadmium [7440-43-9] in a maximum concentration of 0,003%. Substance subject to use restriction [Restriction 23 – Various restrictions and in particular; “Shall not be used or placed on the market if the concentration is equal to or greater than 0,01 % by weight of the metal in: (i) metal beads and other metal components for jewellery making; (ii) metal parts of jewellery and imitation jewellery articles and hair accessories”.
- Our products contain Lead [CAS 7439-92-1 Lead massive: (particle diameter ≥ 1 mm)] (Harmonized classification: H362 Lact. - H360FD Repr. 1A), substance CMR of Cat. 1A) in maximum concentration equal to 0.003%
- Our products contain Lead [CAS 7439-92-1] PBT substance [Bioaccumulation Factor (BCF) - L/kg ww 1,553 L/kg ww], in a maximum concentration of 0.003%.

The updated list of Substance of Very High Concern can be consulted at the internet address:
